

Vault Accountants Pty Ltd

Brad A. Gunn & Sharath Sama established Vault Accountants Pty Ltd in December 2009; both having worked in a very large corporate chartered office identified the need to provide their clients with a suite of services specific to the clients needs, whether as individuals or small business clients.

Getting back to basic was the theory, giving all clients direct access to highly personalised accounting, tax and advisory service to all their clients, not just the wealthy.

We pride ourselves on delivering first class service and advice to all our clients, regardless of size, we are truly independent, and provide the following services on a fee for service basis:

- ❖ Taxation (individual, company, trust, partnership and SMSF)
- ❖ Wealth Management: financial planning
- ❖ Advisory Services ** direct property, shares, fixed interest
- ❖ Structure: trust, individual and company
- ❖ Risk & insurance: Life, TPD Income Protection
- ❖ SMSF Administration: establishment, set up and administration

Operating a small practice allows us to be hands on with our clients, it also allows our clients to grow with us, creating sustainable wealth is not difficult, it is the correct advice and structure that will enable our clients to meet financial obligations now and in the future as they approach retirement, developing a long term wealth horizon is our ultimate client goal.

Our fees are reflective of our experience and professional qualifications, setting fixed fees and providing our clients with pre-work quotes, has been the key to our initial success, no hidden surprises that are commonly associated with other practices.

If you're unhappy with your current accountant, and not getting what you pay for, then come and talk to us, for Club Croc Inc triathlete's and their families we will offer reduced fees and in addition we will rebate a further 10% of our net fees back to the club.

For all initial consultation please feel free to contact Brad on 0414 667 218 or bradgunn@vaultgroup.com.au (there is NO charge to talk)

Website is currently work in progress??
